

PA Mock Interview Questions

Please ask the interview questions provided below. Avoid questions that may be prohibited by law. These are questions about protected groups, like any demographic information, disabilities, and family military, or criminal history.

Each interview will be 30 minutes. There will be a notification when there is 10 minutes remaining. A staff member will be available during the interview for assistance.

1. Tell me about yourself.
2. Tell me why you would be a good fit for this specialty.
3. What do you see as a difficult aspect/challenge of this specialty?
4. Describe a particularly satisfying or meaningful experience during your medical training.
5. How do you deal with stress?
6. Give an example of working with a difficult person and tell me how you handled interactions with that person.
